ONLY THREE NOW SURVIVE.

Miss Joanna Reardon, Member of Remarkable Family, Dead.

Miss Joanna Reardon, a member of a remarkable family of brothers and sisters, died Saturday afternoon at 4 o'clock at her home at Victoria, at the age of about seventy-three. Miss Reardon's death was due to her advanced age and to a fall which she received several months ago.

Miss Reardon is survived by two brothers, William and Michael Reardon, and one sister, Miss Elie Reardon. They are all over seventy years of age, the elder brother being about ninety, and are unmarried. A sister who died about twelve years ago was seventy years of age.

Though they own a farm of about 200 acres at Victoria and are highly respected in that section, these remarkable old people have always preferred to live in a small log cabin and to do without many comforts which they could have had. This year will be the first time there have been tenants on their land, they having tillled it, with the assistance of neighbors for many years. The surviving members of the family are in feeble health. They have never seemed to assimilate, to much extent, the modes of living in vogue in America, adopting instead those of the poorer classes in Ireland, from which country they emigrated about fifty years ago.

The funeral of Miss Reardon was held Monday morning and the interment was at St. Rose's cemetery, near this city. Father C. Brey, the pastor of the family, conducted the services.

Run Over by Wagon; Leg Broken.

Allen Elder, a son of Thos. Elder, of near Hardinsburg, sustained a broken leg as the result of having the mamber run over by a loaded wagon, while at work, on the Stephensport road, last Thursday afternoon. His foot was caught in a rut in the road, the wheel passing over the lower part of the limb and breaking it just above the ankle. The injury was a very painful and serious one. The injured man was removed to a house nearby and attended by Drs. F. L. Lightfoot and F. M. Smith.

Gabe Brickey's Barn Burns.

Hardinsburg, Ky., May 2.—(Special.)—Gabe Brickey, who lives on the Owensboro road, about four miles from town, had the misfortune to lose, by fire, his barn and its contents, last Friday. Three horses, a milch cow and some hogs were burned, as well as about 200 bushels of corn, grain, wagons, etc. His loss amounts to about \$1,000. There was F. M. Smith.

Organizes Local B. Y. P. U.

Rev. J. P. Jenkins, of Louisville, corresponding secretary of the Baptist Young Peoples' Union of Kentucky, organized a local B. Y. P. U. at a meeting at the Baptist church Monday evening. The following temporary officers were elected: R. L. Oelze, president; Geo. Younger, vice-president; Miss Lydia Graham, secretary. A meeting will be held next Sunday afternoon for a permanent organization.

Stephensport Personals.

R. A. Smith, Stephensport, and E. Bent, of Louisville, left last Wednesday for Montana, to buy Western horses. They will be gone several weeks.

Wm. Blaine returned to Stephensport last week, after spending the winter in Arkansas and Tennessee.

Sandbach--Potts.

Dr. J. A. Sandbach.

At 12:30 o'clock, April 26, Dr. J. A. Sandbach and Miss Evelyn Potts were married at McQuady's at the home of the bride's parents, Rev. G. L. King, of Hardinsburg, officiating. The ceremony was witnessed by a host of friends and relatives. The beauty of the bride was enhanced by a lovely suit of brown silk, with cream trimmings. The attendants were the bride's sister, Miss Mildred Potts, and the groom's brother, Dr. Will Sandbach, of Lexington. Immediately after the ceremony, the happy couple boarded a train for Friedland, Ky., for a brief visit to the groom's parents. The bride is the daughter of Mr. and Mrs. J. D. Potts, of McQuady, while the groom is a popular and rising young physician.

A Friend.

Cures Catarrhal Deafness.

One Week's Use of Hyomei Did More Than Six Months' Treatment by Specialists.

In the treatment of deafness which is often a result of catarrhal Hyomei almost immediately upon the inflamed membrane and the hearing begins to return at once. A few days treatment will bring relief, and in three or four weeks, according to the severity of the case, a cure will be accomplished.

Miss Weeks of Paterson, N. J., says: "Hyomei is truly wonderful. I have used it but a short time and see a great change in my condition. My hearing is improving rapidly, and I had no idea I would improve so rapidly in so short a time. My breath which was so offensive to myself and others has lost its bad odor entirely. I have spent a great deal of money with catarrhal specialists and can truly say that six months of their treatment is not equal to one month of Hyomei."

Short & Haynes are selling Hyomei upon the unusual plan of agreeing to return the money if the medicine does not cure.

A complete outfit costs only \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler will last a life time and there is enough Hyomei for several weeks treatment. Additional bottles of Hyomei can be procured for 50 cents.

Compare this small expense with the fees charged by specialists and then remember that if Hyomei does not cure Short & Haynes will return your money.

Good Strike Above Cannetton.

According to the report given by Judge Wampler and L. S. Powers an excellent oil strike has been made on the Mason farm five miles above Cannetton, at a depth of 730 ft. Several barrels were pumped out within a few hours and the operators state that it is a twenty-barrel well and that the oil is of the finest quality.—Hawesville Pioneer.

Equity Houses Receiving.

During the short season last week all four of the Equity warehouses in the county received tobacco. About 20,000 pounds were received at Kirk, 25,000 at McQuady and a few loads here and at Hardinsburg. It is believed that the prospect for increased receipts during the next season is more favorable at Kirk than at any of the other towns where Equity houses are located.

Death at Big Spring.

Big Spring, Ky., May 2.—(Special)—Mrs. Dan Brown died Monday evening of uric poisoning and her remains were entered at New Salem church burying ground.

PROFITABLE, INTERESTING

Was Baptist Fifth Sunday Meeting At Hites Run Last Week.

The fifth Sunday meeting of Breckinridge Association of Baptists, which was held at the Hites Run Baptist church last Friday, Saturday and Sunday, was a most profitable and interesting one. The greater part of the program was rendered and a good crowd was present. Some important business matters also were transacted. J. E. Keith was appointed treasurer until the next election, M. P. Compton, having held this position and also that of moderator since last September, when Mr. Keith was elected clerk. A committee was appointed to procure a tent in which to hold revivals at Tucker's schoolhouse and in Robert's bottom and Norton's Valley, Rev. E. B. Engle to conduct the first and second named and Rev. J. T. Lewis the third. It is tent is procured large enough to hold 100 persons in the fall, between the Henderson Rente shops and this city.

Rev. C. T. Daniel, D. B. Clapp, J. T. Lewis, E. B. English and J. E. Morton make talks on interesting subjects during the meeting. Some of the subjects on the program were omitted because the time for which they were set was otherwise occupied.

The district mission board met Saturday afternoon and the meeting closed Sunday morning with a sermon by Rev. Clapp.

The next Fifth Sunday meeting will be held at Hardinsburg July 30.

OBITUARY.

Verdie Ellen Pate, daughter of W. H. and Mattie Pate, was born near Custer, Breckinridge county, Ky., March 29, 1895, and died March 14, 1905, at her home in Blair, Neb. Though

her sorrowing parents and many loving friends mourn her loss, heaven has gained one more shining jewel. Though death has removed our darling And she rests beneath the sod. Our hearts are full of sorrow, Yet we have a hope in God.

We know that the bible teaches Of a resurrection morn, when The saints of God, now sleeping Of the spirit shall be born.

And when the dead are rising, In that grand and awful day, We know our little darling Shall leave her bed of clay.

Lo! to our heavenly father We leave the great unseen And trusting in his promise, We hope to meet again.

We hope to meet our darling In that bright and happy day In the kingdom of our Savior When death has passed away.

Mrs. Sue Newell.

Active Sunday--School Worker.

R. O. Penick.

Mr. Penick is secretary of the Hendersonville Sunday school district and an active Sunday-school worker. He will make a talk on "The Superintendent's Part" in "How to Have a Good Sunday School" at the county convention, which meets at Lexington May 4.

BILLIONS Bill was getting bloated, And his tongue was mucily coated. Patent "tonic" wouldn't cure him. Companies would not insure him. All his friends were badly frightened, But their spirits soon were lightened.

EARLY RISER pills relieved him. The famous Little Pills "EARLY RISERS" cure Constipation, Sick Headache, Biliousness, etc., by their effect on the liver. They never gripe or sicken, hot in part, early rising. Good for children or adults. Sold by All Druggists.

Bill Sterett's Latest.

The Hon. William Sterett, of Texas, was narrating the glories of his common wealth to friends in the Hoffman House. He told of the two towns or opposite banks of the Rio Grande, one in Texas and the other in Mexico.

"If you have a silver dollar there," said Colonel Sterett, "you are fixed for drinks without number. If the dollar is one of Uncle Sam's you buy a drink in Texas, hand out your dollar and receive a Mexican dollar in change. Then you walk across the bridge, buy a drink in Mexico hand out the Mexican dollar and receive a United States dollar in change, each coin being at a discount of ten cents when it is away from home."

"And how long could you keep it up?" inquired a bystander.

"Until you could no longer walk across the bridge," replied Colonel Sterett.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following note recently appeared in the Atchison, Kan., Globe: "Joe Tack, a well known engineer, running on the Missouri River between Wichita and Kansas lately appeared in a big one, with a picture and when he was in this office to-day, we asked him about it. He says he had terrible pains in his stomach, and thought he had a cancer. His druggist recommended Kordel and he says it cured him. He recommended it to others, who were also cured." Kodol Dyspepsia Cure cures what you eat and cures all stomach troubles. Just as surely as the sun shines your stomach can be brought back to its originally pure condition and made sweetened by the lasting and truly the greatest digestant known. Sold by all Drug-gists.

Boehm-Swagget Wedding.
Miss Eddie Swagget, of Cloverport, and Mr. Charles L. Boehm, of this city, were quietly married yesterday afternoon at the residence of Mr. Walter Kern on St. Ann street, at a quarter past six o'clock. Rev. W. D. Nowlin performing the ceremony. The couple left on the afternoon train for Louisville where they will remain several days before returning here. They will reside in this city, having been the guest of Mr. Kern for about three months, and have made many friends while in the city. Mr. Boehm is employed at the Anson carriage works and has many friends.—Thursday's Owensboro Messenger.

Hot Weather Piles.

Persons afflicted with piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make piles more painful and dangerous. The eyes are plainly shown in the stone potatoe.

For the first time in about four years the bell of the Hawesville Baptist church was heard on Sunday morning. During the occupancy of the element known as the Docshampe Baptists the bell remained silent, that minister holding that the noise was unnecessary and such ostentos being obsolete in other places, so it was at all times silent. After a suit was waged through the courts and the other side, or "Close communion" Baptists gained the day, the old custom was restored and by this signal it was known that they were on last Sunday occupying the building for the first time. There was no preaching but Sunday school was held.

"SPORTING BOY,"

A red sorrel stallion, foaled in 1900, with small star and a little white on inside of left hind ankle. This is a grand stallion of great style, good bone and beautiful color. He is 16 hands high and well proportioned and weighs 1,800 pounds. He has the very best of feet and legs, and is as well bred as any saddle stallion in America.

He combines many of the characteristics of both the Morgan and Denmark families of Kentucky. He is by My Own Boy, Jr., who is by My Own Boy, and his dam is Belle Slaughter 382 N. S. H. R. Vol. I. My Own Boy is by the grandly bred My Own, No. 1321; who was by Artist 65, and out of Lady Graves 57, who was by Mont Rose 106. Artist was by the renowned King William 67, who was by Washington Denmark 64. King William sired Black Eagle 74, who sired Black Squirrel 53, who is famous as a sire of style and good qualities throughout Kentucky and many other states.

SPORTING BOY's dam is by the renowned model and show stallion Endor 27, who had more premiums to his credit than any stallion in his day, and had for his sire King Denmark, and dam by Boliver (th.). **SPORTING BOY**'s 2nd dam was by Warren Chief, by Cabell's Leington, who was one of the most noted sires and show stallions Kentucky ever had. Cabell's Leington's dam was by old Tom, Hal, the founder of the pacing horse family in Kentucky and Tennessee. His second dam was by Old opperbottom, who was one of the founders of the saddle horses in Kentucky and Tennessee. **SPORTING BOY** not only possesses the blood lines, but has all the qualities in action and beauty. He is a saddle horse from a walk to all gaits, and in a trot he is a trotter and in a rack he is a wonder. He is absolutely sound and has proven a sure breeder.

BLACK WARRIOR JOHN

Known as the Miller Jack,

one of the best breeders, and one of the finest Jacks in Kentucky. 15½ hands high, weighs 1,000 pounds and is a sure foal getter.

DON'T listen to the man who seeks to inflame you against your fellow citizen because he differs from you politically or because he hasn't always voted the straight ticket, either the Democratic or Republican. A man can be a square man, a just man and a law-abiding citizen and vote as he pleases.

THE Epworth League is doing excellent work for this community. It is not only developing deeds of charity, but it is developing

character and talents in the young men and young women along lines that are helpful to themselves and to the church. They are doing a good work and should have the help and co-operation of all good citizens, whether they are in the church or out.

IF you are in doubt about the value of advertising please consult W. J. Schopp, Stephensport. What advertising is doing for him it will do for you if you have the goods and the nerve to put up the money. People want to know about things. They want to know the price, the kind, and where it is. It don't matter if it is in Stephensport and the price suits them, they go after it. Mr. Schopp is attracting great crowds to his store every day. It costs him some money to do it, but he says it pays.

THE Republican Committee failed to do anything at their meeting last Monday. They have called another meeting for next Monday. Here's a bit of advice: Put out a ticket. Put men on it who will pledge themselves not to use whisky nor a dollar in the campaign to influence votes. Let them say to the Democratic candidates, "Use all the whisky and all the money they can get, but for us we draw the line on the use of money or whisky." A ticket put out on this platform will win hands down. The voters of Breckinridge county are getting above the jug in a campaign and above the buying of votes by any party.

AWAY out west in the Old Blue School house, on West Divide Creek, in the mountains of Colorado, President Roosevelt and party attended church last Sunday. The little district school building was not big enough to accommodate half the congregation, so the organ was moved out, the choir sang and the pastor preached. It was a great service and the President enjoyed it. After the sermon the President spoke for ten minutes, then there was a general handshaking. Every man, woman and child took the President by the hand. Was there ever a President who got nearer the hearts of the people than this man?

THE latest statistical report estimated the population, on April 1, to be 82,910,000, an increase of 6,607,000. According to this estimate it is believed that before the next census is taken in 1910 our population will be 90,000,000. Every addition to our population adds so much to the consumptive demand upon our productive industries. If it is estimated that the average amount needed by every person to maintain life is \$200, then the increase of 1,320,000 in the population every year means an increase in the consumptive demand of \$264,000,000. When we take into consideration this fact and the demand it makes on our industries and, more especially, the demand for farm products, it will be seen at a glance that there will be no let-up to our prosperity.

TALK about your bluegrass farms,—right here in Breckinridge county we have 'em just as good and just as pretty. The time was when we couldn't say this. But a new day, a new idea and a new way has been inaugurated in Breckinridge county and among Breckinridge county farmers. Especially does this prevail among the younger set. Driving along the turnpike the other day we noticed a very decided improvement in the appearance and in the methods used by the farmers. The old nail fence has been relegated to the past and in its place are up-to-date wire and palings fences. Old broomcorn fields have been turned into meadows and into bluegrass. The old log cabin is no more but in its place is the two-story frame dwelling with modern barns and outbuildings. Quite a contrast now compared with twenty years ago, when Roland Smith used to drive us along this same route through mud and slush up to the axle, with a walking stick up every hill. They were good old times and good old ways, but we are glad to get away from them.

HAVE YOU READ OUR ADVERTISEMENT? IF NOT DO SO AT ONCE! IT WILL BE TO YOUR PROFIT. BELOW YOU WILL FIND A FEW THINGS ABOUT US WHICH WE KNOW WILL INTEREST YOU.

OUR STORE.

We started out to make our store a public necessity, as well as a benefit, and our whole endeavor in the future shall be given to this same end, by thinking first and always of our customer's gain, and not of our own.

OUR POLICY.

We decided, when we embarked in the business, to build up a reputation for honesty and square dealing with our customers, and we shall always stick closely to this our policy, because we are sure that it is the one that pays in the end.

OUR STOCK.

We carry a stock unequalled in price and in quality, and we know that our customers appreciate the merits of our goods. We carry everything the trade calls for, but if there is anything in our line you want, which we have not got, kindly tell us about it, and it won't take us long to get it.

OUR PRICES.

We believe in being economical, and adhere to the idea of transacting business upon business principles. For this reason our prices are the lowest consistent with the class of goods we carry, and we guarantee that when you purchase a dollar's worth of goods from us, you will get 100 cents worth in return.

OUR EXPERIENCE.

We do not profess to know it all, but we do maintain that we have been in the business long enough to know what, how and when to buy, and also how much to buy each time. A customer, therefore, who trades with us reaps the benefit of this our experience, by getting the best class of the goods they want at the lowest prices.

OUR SUCCESS.

We have succeeded beyond our expectations, and why? Not because we had in mind our own success when we have done anything, but because we have worked to please and to satisfy our customers. "Give, and it shall be given unto you," says the good book, and in working up our trade we have always found this the right thing to do every time.

OUR HOPES.

We aim to give a better and a more efficient service to our patrons during the coming year, and we hope in this way not only to satisfy in a greater degree our present clientele, but that these, by praising our store and our service, will gain us many more customers.

Do not lay away the paper until you have read our advertisement. You will find a lot of bargains from week to week. Read about them, then visit our store, buy us and save money. Remember always, that "a penny saved is a penny earned."

RESULTS OF INTEMPERANCE.

Bishop Peck Tells What It Does For Mankind in Numerous Ways.

Bishop Peck says: Intemperance cuts down youth in its vigor, manhood in its strength, and age in its weakness. It breaks the father's heart, overcomes the doting mother, extinguishes natural affection, erases conjugal love, blots out filial attachment, blights parental hopes and brings down mourning age and sorrow to the grave. It produces weakness, not strength; sickness, not health; death, not life. It makes wives widows, children orphans, fathers orphans, all of them paupers and beggars. It feeds rheumatism, annexes gout, invades diabetes, invites cholera, imparts pestilence and endures consumption. It covers the land with idleness. It covers your soul with disease and crime. It kills your joys, supplies your sins, houses and demands your earnings. It engenders controversies, fosters quarrels and cherishes riots. It crowds your penitentiaries and furnishes victims for your scaffold. It is the life blood of the gambler, the element of the burglar, the prop of the highwayman and the support of the midnight incendiary. It countenances the liar, respects the thief and esteems the blasphemers. It violates obligations, reverence, fraud and honors humanity. It defames benevolence, it pollutes virtue, it pollutes innocence. It drives the father to butcher his helpless offspring, helps the husband to massacre his helpless wife, aids the child to grind the paracial ax. It burns up man and consumes woman. It suborns witness, nurses perjury, dabbles the jury box and stains the judicial ermine. It bribes voters, corrupts elections, pollutes our institutions and endangers our government. It degrades the citizens, debases the legislature, dishonors the statesmen and dismays the patriot. It brings shame notonor; misery, not happiness and with the malice of a hood, it calmly surveys its frightful desolation and unsatiated with havoc, it poisons felicity, kills peace, ruins families, blights confidence, rots reputation and blights one national honor, then over the world and hangs at its reign. It does all that and more. It marders the soul. It is the sum of all villainies, the father of all crimes, the mother of all abominations, the devil's best friend and God's worst enemy.

Terrific Race with Death.

"Death was last approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death: "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man. Today I am cured of all my troubles." Guaranteed at Short & Hayes' drug store, price \$10.

Steels Gives Himself Up.

Frankfort, Ky., April 27.—Zack Steele, of Bell county, lately of the colony of Kentucky fugitives in Indiana, charged with complicity in the Goebel murder, surrendered himself into court here this afternoon. Circuit Judge Stout released him on bond of \$10,000 to appear when called by the Commonwealth. The bond was furnished with Joseph Bosworth, W. H. Tingle, H. H. Steele and W. L. Sayers, all of Bell county, as sureties. Steele returned immediately to Indianapolis, where he has been living with his family for three years past. He will probably be called to Georgetown as a witness for the State in the case of Caleo Powers at his approaching trial. He was accompanied here by his father, H. H. Steele, of Middleboro, and they spent several hours in conference with Commonwealth's Attorney Franklin at his office.

LIFE IN THE MOUNTAINS. In the Rockies.

About October comes the winter trout or game. The camp keeper lays aside his mending or his repairing or his notebook and stirs up the cooking fire. The smell of broiling and frying and boiling arises in the air. By the darkness of night the campers sit around their dim fires for the day—up the mountains all meals are dinners, and formidable ones at that. The curtain of blackness is drawn down close. Through it shine stars, loom mountains cold and mistlike in the moon. You tell stories; you smoke pipe. After a time the camp chinked by the fire is well heated. THE JUICY GRAPE.

It's Well Nigh as Old That Man.

The history of the grape is almost as old as that of man. Growing in its highest perfection, Syria and Persia, however, it was not known to the world until the epochal tillage of the soil and vineyards were extensively planted long before orchards or collections of other fruit trees were at all common.

The grape came originally from Persia, whence it spread through Asia Minor, the latter country an elevation advanced westward this fruit accompanied it—first to Egypt, then to Greece, Sicily, Italy, Spain, France and finally to Great Britain, to which latter country it was carried it 2000 years ago.

SHOOTS FLEEING NEGRO.

Smith English Wounds Man Who Murders Marshal At His Side.

Mrs. A. E. English has received news of the shooting of a negro, at Pretoria, Ga., by her son, Smith English. Town Marshal, John Maynards of Pretoria, was shot and killed by Peter Thomas, the negro, who, it is known, was twice wounded by Mr. English as he attempted to make his escape after murdering the officer.

The shooting of the marshal occurred directly in front of a house where number of negroes were dancing and probably drinking. The noise they made became annoying and Marshal Maynards, accompanied by Mr. English, as his deputy, told the negroes they must keep quiet. While the Marshal and Mr. English were in the house they heard a pistol shot immediately in front. On rushing out through the door, side by side, they found a negro man standing near the house flourishing a pistol and using abusive language. The marshal told him to put up his gun. The negro, in reply, shot Marshal Maynards four times, killing him instantly. The shots were fired with such bewildering succession as Mr. English stood near the officer, that he did not realize what was happening until the negro attempted to escape, when he emptied his own weapon, an automatic pistol, into him. When the negro was captured later by the sheriff it was found he had been twice wounded.

Recovered Speech and Hearing.

Mrs. Ely Bros.—I am commencing your new Cram Book about two years ago for starstruck. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town.

The Girl Who Works.

God bless the girl who works hard. She is brave and true and noble. She is not too proud to earn her living or ashamed to be caught at her daily task. She smiles at you from behind the desk or counter or at the printer's case. She is like a brave mountaineer already far up the precipice—climbing, straggling, and rejoicing. The sign should be a inspiration to us all. It is an honor to know this girl and to be worthy of her esteem. Lift your hat to her, young men, as "she passes by." Her hands may be stained by dish-washing, facory or case, or printer's ink, but it is an honest and helpful hand. It stays misfortune from home; it supports an invalid loved one, makes a patient shield that protects many a family from the almshouse. All honor to the brave toiler. God bless and protect the girl that works.—Chicago Chronicle.

Home From Seelyville, Ind.
Rolle Faison returned Wednesday from Seelyville, Ind., where he had charge of the pumps in a coal mine for the past eight months.

A rich man died the other day. He died in the very midsummer of life, and he left his family \$1,000,000. The autopsy report stated that death resulted from a cerebral fever. The doctor himself said to a friend: "That man had a splendid constitution, but he ruined him through his stomach by hasty meals, smoking, and drink." He ruined his stomach by hasty meals, smoking, and drink.

The symptoms of a stomach attack are often very difficult to diagnose, heartburn, indigestion, fullness after eating, dull headache, dingy complexion, diarrhea, constipation, nervousness, sleeplessness, dependency. No person will have all these symptoms.

The restoration of the stomach to health begins with the first dose of Dr. F. L. Lightfoot's Cardui. This cure progresses until the functions of the stomach are in healthy operation. Then the eyes are clear, the strength, the appetite healthy, the sleepful, the skin bright, the complexion clear.

"Please accept my thanks for the benefit which your Cardui has given me," writes Mrs. W. A. Morgan, of silica, a woman of 50 years, who has had a year with live complaints of indigestion and constipation. "I gave him your 'Golden Seal' and Dr. F. L. Lightfoot's Cardui, and they did him great good. I gave him the same treatment to my husband, who suffered from the effects of the 'Pellagra.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

Ducks. These ORIGINAL Little Live Ducks are the best ever made. They have been much imitated but never equaled. They are small, delicate, strong, and refined medicinal products, made from the roots and plants. They specially relieve and cure torpid and deranged stomachs. Nerve Fag.
If You Waste Your Nerve Energy, After Awhile You Will Suffer For It.

You can waste nerve force by excess, over-work, worry, anxiety, etc.

You can weaken yourself by not eating proper food or not getting enough rest to renew your energy, you use up your nerve energy.

The proper treatment, in addition to good phosphate food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nervine.

This is as truly a brain and nerve food as any food you could eat, and besides furnishes strength and tone of its own, which gives the weakened nerve system and mind its right tone.

Dr. Miles' Restorative Nervine is a refreshing, revitalizing tonic food-medicine for the brain and nerves. It reconstructs our nerve tissue and fills our languid brain with new life and vigor.

Dr. Miles' Nervine has made so many wonderful cures of people so sick the doctors thought they were crazy, that it is today the standard medicine in many thousands of American homes.

The first bottle is guaranteed to help you if you cannot return your money.

The extreme heat, cold, vibration and intense mental strain incident to travel, business, war, etc., causes us to suffer with nervousness and insomnia. It gives me pleasure to say that Dr. Miles' Restorative Nervine gives very satisfactory results in the treatment of these conditions.

The proper treatment, in addition to my fifth bottle, and eat and sleep well, will soon almost forgotten, the powers nerve force.

The Beauty Chase.

Here, says the Minneapolis Tribune, are some of the things that society women really do or have done in the mad chase for beauty:

They take milk baths. They bathe their faces daily in real sweet cream.

They have their entire faces skinned so that new skin may grow over the old surface.

They have their noses shaped. They shape their eyebrows into a cupid's bow.

They have all nature's fine hairs removed from the skin by electrolysis.

They have real dimples cut in their cheeks and chins.

They have good strong crooked teeth removed and artificial straight ones screwed on the stamps.

Saved By Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes:

"My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discov-

ery for Consumption. Coughs and Colds, which eased her cough, gave her sleep, and finally cured her."

Strictly scientific cure for bronchitis and Grippe. At Short & Hayes' drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

Cut Western Trip Short.

Glenwood Spring, Colo., April 27.—President Roosevelt will break camp May 8, a week earlier than he intended, and start for Washington at once. The only stop he will make will be at Denver and Chicago, where the dates for the receptions have been advanced to meet the new arrangements.

Secretary Loeb today returned from the camp and announced that affairs at Washington made it necessary for the president to curtail his visit. There is much speculation here as to the president's reason for advancing the time of his departure. Secretary Loeb announces that no pressing business requires the president's attention at present, but a number of things will come up about the middle of the month in which he is greatly interested. What these are the secretaries did not say. He said there is nothing in the Venezuelan or Dominican affairs that caused him to attend to them.

The hunters with the president believe he has enough game to satisfy him and will have more than enough when the camp breaks.

Rev. Newsom at Columbia.

Columbus, Ky., April 27.—The religious meeting that has been in progress at the Methodist church here for nearly three weeks will continue through this week. Great interest is being manifested and much good is being accomplished. Evangelist J. T. Newsom is preaching some powerful sermons.

Married at Jeffersonville.

The Louisville Times states that William A. Allen and Miss Leila B. Wright, of Breckinridge county, were married in Jeffersonville, Ind., last week. The bride was twenty in March. The groom will be nineteen in October and his father, Alfred Allen, gave oral and written consent.

Meets At Owensboro.

The second annual National Tobacco Growers' Convention will be held in Owensboro October 18, 19 and 20.

One View Of Reduction Of Tobacco Acreage Question.

We have not advised our members or local unions to take any action for the purpose of securing a reduction of acreage. To accomplish this would require an exceedingly strong and complete organization. Our members may be depended on to control their marketing, and enough non-members will co-operate with them to effectually compel the minimum prices for the 1905 crop, but it has not appeared to us that the portion of members willing to curtail can accomplish it. As we have stated heretofore, non-members and others will increase their planting in case this should be attempted, believing that the markets will take a normal crop at fair prices when compelled to do so by controlled marketing.

We have been criticised by some for taking this position, but late reports from the tobacco districts indicate our surmise to be correct. We hear from all quarters that the usual crop will be planted, and in many instances indications are that the acreage will be larger than usual. The Gleaner, of Henderson, Kentucky, gives the following information which must be surprising and disappointing to those who based great hopes on a decrease in acreage.

Reports from some of the producers and verbal reports from others were by no means satisfactory. And this was especially true of those producers and neighborhoods where there were no locus of the Society of Equity.

Farmers who have sold tobacco at good prices—prices made possible by the farmers' organization and the farmers' factory—are preparing to plant a large increased acreage. In fact the acreage in two in previous years was known to be largely in excess of the big crop of 1905.

The farmers of Union county met Saturday and discussed the tobacco situation. Reports on acreage were received. Only about one-half of the county has reported, but these indicated that the farmers are inclined to plant in about the same acreage as in 1905.

This, said Square Lee, will mean 31 cent tobacco. If the other counties in the dark district persist in doing as it seems the farmers of Union will do.

The course for our members to take is plain. They should raise what tobacco they can make of first class quality and see to it that they have an abundance of home supplies produced on their own farms.

Those who have little time to give to the production of other crops, those who follow this advice will have better tobacco, obtain better prices for it, and will in addition have a surplus of grain, feed and provisions to sell to the tobacco grower who planted so much he had not time to raise his own supplies. He must sell his inferior tobacco at a low price and pay the money received to his more thrifty neighbors for life necessities. Up-To-Date Farming.

The Gleaner was down at Smith's Mills Thursday night.

"How much tobacco are you fellows going to plant down here this year?" the Gleaner asked.

"You want the truth?"

"The Gleaner wants nothing else."

"In the Smith's Mills neighborhood both sides of the earth will be planted. Riding along the roads and lanes around here and looking to right or left it appears as if the ground were covered with snow—plants beds covered with canvas, you know. Tobacco will be sown broadcast and mowed with a mower and raked up with a hay rake. The Gleaner published a number of instances of remarkable yields that sold at good prices—one or two where the tobacco brought as much as \$120 per acre, and several as much as \$100 an acre, some of these big yields being made by Smith's Mills farmers. Well, the Gleaner publications set the neighborhood wild. Men who didn't have an acre of tobacco last year are preparing to plant fifteen or twenty acres—who had not four acres last year will have eight this year."

The Gleaner describes a condition that prevails over the larger portion of the country, and it seems now that the only preventative of a large production will be the chance of a failure in crops.

The course for our members to take is plain. They should raise what tobacco they can make of first class quality and see to it that they have an abundance of home supplies produced on their own farms.

FACE LIKE PIECE OF RAW BEEF

Scalp Covered With Sores, Hair and Eye-Brows Fell Out—Agony for Eight Long Years—Doctors Were Unable to Cure.

SPEEDILY CURED BY CUTICURA

"I had suffered terrible agony and pain for eight long years from a terrible scalp affection. The best doctors were unable to help me, and I had spent a lot of money on remedies without receiving any benefit. My hair was gone, my scalp was raw, my face was like a piece of raw meat, my eyebrows and lashes were falling out and sometimes I felt as if I would go blind. I began to feel like itching and pain; then it began treating myself at home, and now my head and face are clean again. I am an healthy man again. I bathed myself with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Remedy internally. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure." —Miss Mary F. Gay, Westboro, Mass."

AGONIZING ECZEMA AND ITCHING, BURNING ERUPTIONS WITH LOSS OF HAIR, CURED BY CUTICURA.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle; then apply Cuticura Ointment freely to relieve itching, irritation, and inflammation, and soothe and heal; and lastly, take Cuticura Remedy internally to cool and cleanse the blood. A single set is often sufficient to cure.

Cuticura Soap, Ointment, and Pills are sold throughout the country. Send for "A" about the skin, soap, and hair.

Mrs. E. M. Herald, 128 W. 28th St., Indianapolis, Ind., member of A. D. Straight Circle, the leading social organization in Indianapolis, was today enjoying perfect health, thanks to Peruna. For nearly four years I suffered with rheumatism.

"The doctor insisted on an operation as the only chance to get well, but I had a strong aversion to operations and strongly objected.

"My husband felt so heartened at my refusal that he reluctantly drugged me and sent me to bring a bottle of Peruna he did so, and I started to use it.

"In a short time my health began to improve, and the rheumatism and pain diminished. Within eighteen weeks I was like another being, in splendid health.

"Words fail me when I try to tell you how grateful and grateful I am!" —E. M. Herald.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is subject to kidney trouble. The best cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder tonic, are now known.

It is the greatest medical triumph of the nineteenth century, discovered through scientific research by Dr. Kilmer, the eminent physician and botanist. His special formula is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid trouble, and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everybody, but if you have kidney, liver or bladder trouble, it can be found in every drugstore.
